

Vision Boards

1. Spend time in prayer about where God might be leading you.
2. Without filtering, look for images, short phrases, scriptures, quotes and/or key words that jump out at you. Don't put much thought into it.
3. Collect or create any specifics you've received from the Lord to add to your board.
4. Prayerfully sort through everything you've collected and created. Ask God to direct you with what to keep and what to throw away.
5. Begin to craft your board, continuing to pray over the process as you go.
6. Finish your board, leaving room for the Holy Spirit if led to do so.
7. Put your board somewhere conspicuous and watch God work.
