

Bring *Boldly Shine* to Life

EASY STEPS TO HOST YOUR GROUP

Step 1: Get Started with Your Toolbox

Once you've purchased your Toolbox, decide how your group will meet. Whether you choose online or in person, the Toolbox provides what you need for either format. Make sure you have internet access and screen-sharing capability to enhance the experience.

Step 2: Plan Your Group and Schedule

Next, finalize the details. Choose a meeting time, ideally for weekly sessions to maintain continuity and maximize impact. We suggest two-hour sessions over nine weeks, with an optional tenth week for parents. If your group is large, consider enlisting additional leaders to support discussions—training and leader guides are included.

Step 3: Spread the Word

Now that your plan is set, use the promotional materials in your Toolbox to get the word out. Boldly Shine is not only a meaningful program for participants but also a powerful community outreach tool. Leverage this opportunity to invite others.

Step 4: Organize Your Participants

As your group forms, communicate key details, like the start date and the need for participants to purchase their Participant Toolkits. The Toolbox will support you in managing these logistics and ensure everyone is ready for the journey.

Step 5: Gather Your Materials

Each participant will need to get their Participant Toolkit from The Dented Fender STORE. For you and any additional leaders, the Host Toolbox provides all the materials needed to guide the group.

You're Ready to Shine!

With these simple steps, you have everything you need to confidently lead your Boldly Shine group. Now, it's time to bring transformation to your community and watch the impact unfold!
